East Lake Meadows and Villages at East Lake records. -- 1969-2006 and undated. -- 5.00 Cubic feet (10 boxes)

Scope and Content

The collection consists of the project records, tenant association records, publications, photographs, and art and artifacts of East Lake Meadows and the Villages at East Lake Project.

HISTORICAL NOTE:

At the time of its construction, East Lake Meadows was the largest turnkey low rent housing project in the United States. East Lake Meadows was located in District 5 at 380 East Lake Boulevard, SE. on a 59-acre site formerly known as East Lake Country Club's No. 2 Golf Course. The golf course was once owned by prominent conservative businesspersons in Atlanta and sold to the March Company, a development company. The site was desired by Mayor Allen, specifically because it was an area which lacked public housing. After involvement from city officials, local and regional housing authorities, business people, civic groups, and media, the units were turned over to Atlanta Housing for operation after developed by the March Company of Texas, Inc. Architects were Hall & Baugher of Dallahs, Texas. Both the regular units and the high rise building at East Lake Meadows for the elderly were completed September 17, 1971. The regular buildings contained 650 units on 58.3 acres. The high rise building for the elderly contained 150 units on .9 acres. The original housing site for East Lake Meadows included shopping facilities on 10 acres, a school complex on 5 acres, and 25 acres donated to the City by the developers for a park site.

East Lake Meadows's buildings were constructed of brick veneer. They included administrative community buildings to house daycare, health, and recreational facilities. The buildings were designed to include scattered and well-lighted play areas and open-air meeting spaces.

The redevelopment of East Lake Meadows became The Villages of East Lake located at 460 E Lake Blvd, SE and was built as an Atlanta Housing sponsored mixed income, mixed finance community.
